Objectives and Tasks for 2017

- Promote movement of Older Youth into Adult services including training and current sector initiatives;
- Promote tours of companies for youth – in particular in the Life Sciences, Manufacturing and I.T. Industries;
- Ensure WIOA goals being met for Youth Work Experience as well as new elements established in WIOA;
- Document Internships and create profile to be shared with local schools;
- Invite 1 additional business to join Youth Pipeline Committee;
- Continue to support Youth Build programming in region and help enhance funding opportunities for further occupational skills training for youth – including sector partnerships initiatives that look to the emerging workforce as a potential source of labor
